

## LOCAL MATTERS.

**WEATHER PROBABILITIES.**—For this week rain will continue to-night, followed by partly cloudy weather Friday; warmer, westerly winds becoming southerly.

**POLICE COMMISSIONERS.**—The regular monthly meeting of the Board of Police Commissioners was held last night. The Mayor and all the commissioners were present.

The committee appointed to select new badges for the members of the force reported progress. It is generally conceded that the present badges are too large and that smaller and more modern ones should be adopted.

The Mayor stated that the handcuffs ordered at the last meeting had been received.

The Mayor was directed to procure a stretcher for use at the station house. The suspension of Officer James Hall for shooting Wm. Bright was announced to the board and it was determined to hold a special meeting next Wednesday night to take action in the case, at which time the officer and such persons who witnessed the shooting will be given a hearing.

The report of Chief Webster for the present month was submitted.

A petition signed by most of the members of the force was presented. The petitioners set forth that it would be conformable to their wishes if the commissioners would abolish the present rules requiring the men to be eight hours on and eight off of duty. They suggest that five men do duty in the day time and ten at night, and that each member be on duty every three days from 8 a. m. until 10 p. m. They also recommend some changes in the present division of the city into patrol districts. The men allege that under the plans they suggest the force would prove more efficient.

The paper was returned to Officer Bates, who is spokesman of the petitioners, with the suggestion that the board could take no action in the matter until the paper came through the proper channel; that in other words it should be endorsed "approved" or "disapproved" by the chief.

The board then adjourned.

**MOUNT VERNON RAILROAD.**—As was stated, an official trial trip was made over the Alexandria branch of the Washington, Alexandria and Mount Vernon Railroad yesterday. Starting from the station at the intersection of Thirteenth and E streets, Washington, a train made up of three cars was driven over the road with electricity furnished by the United States Electric Light Company for the city underground portion, while at the north end of the Long bridge the overhead trolley was used with power sent out from the power house at Four Mile run. On this trip were General Manager Abbot, Superintendent Flint, General Trainmaster Eppley, General Master Motorman Colvin, representing the railway company, and Mr. Saxton, who constructed the road, besides several invited guests. Everything worked satisfactorily. The Arlington line will be open for the public to-morrow, but the Alexandria and Mount Vernon line will not be ready before the 1st of June, the roadbed near Four Mile run undergoing the finishing touches. The fare from Washington to Arlington will be 15 cents, or 20 cents for the round trip.

**POLICE COURT.**—The following cases were disposed of by Mayor Thompson last night:

Thompson Harris, arrested by Officer Roberts for abusive language toward C. O. Fulman, was fined \$5.

Michael Kelly, arrested by Officer Knight for assaulting Bertie Stokes, was fined \$7.

The following cases were disposed of this morning:

Charles Jackson, colored, arrested by Officer Knight for assaulting Mamie Jackson, colored, was fined \$7.

John Walker, a native of Rockingham county, arrested by Officer Goods for being drunk in the street, was dismissed upon promising to go home at once.

Jos. Martin, an incorrigible youth, arrested by Officer Young for disorderly conduct, was held until his father can get him in a Baltimore institution.

**Night Report.**—Last night was rainy and cool. Three prisoners and one lodger were at the station house.

**MR. GEORGE STOREY WHITE,** for some years a resident of this neighborhood, died May 9th at Pasadena, California.

Mr. White was born in Lancashire, England, in 1843, and lived most of his life on Lake Windermere until 1874, when he came to Virginia to recuperate his health, which was impaired by close application to his profession, that of civil engineer—a line in which he had few equals. He purchased an estate in Albemarle county and lived there until the death of his wife. In 1880 he returned to England to educate his daughters. About 1885 he came back to Virginia, and soon after bought the home of the late Bishop Johns, on Seminary Hill. His health continuing but he moved to California in 1892 in hopes of improvement. Mr. White was a man of marked character, highly cultivated, sincere and liked by all who met him. He leaves four daughters, who were with him at his death.

**THE ELECTION for Commonwealth Attorney, City Sergeant, and Magistrates will be held next Thursday—**to-day week. Messrs. Leonard Marbury and W. E. Fendall, candidates for Commonwealth Attorney, and Capt. W. H. Smith, for City Sergeant, entered the contest subject to the decision of a democratic primary, but the city committee deeming a primary with so few candidates unnecessary, decided not to have one, so all the names go before the people at the general election. Messrs. Marbury and Fendall are making quite an active canvass, but as Capt. Smith has practically no opposition he is taking things smoothly. The Republicans put no candidates in the field. So far the canvass has been an exceedingly quiet one, with so little excitement as to verge on a lack of interest. By election day, however, the contest may become more interesting.

**AN INCORRIGIBLE YOUTH.**—A twelve-year-old boy named Joseph Martin, employed by Mr. Chevally in the southwestern part of the city, caused some excitement yesterday by stoning his employer's house, cursing everybody on the premises and engaging in other disorderly proceedings. It was necessary to arrest him in order to bring the scene to a close. On the way to the

station house the boy cursed and abused the officer. He refused to eat the supper furnished him last night because it was not brought to the bench on which he was sitting. This morning his father appeared and directed that he be kept at the station house until to-morrow, by which time a place in a Baltimore reform school will have been secured for him.

**PERSONAL.**—Miss Ruth Thompson, who has been visiting Miss Irene Beach, has returned to her home in Herndon, much to the regret of her many friends here.

Rev. Father Carne entertained the members of the McGill Catholic Union, in Richmond, Monday night, by giving his experience of fifty years in a school-house in this city.

Among the promotions in the U. S. Geological Survey department recently, was that of Mr. Wm. B. Corse, of this city, topographer, from \$1,400 to \$1,600. Mr. Corse is a son of the late Gen. M. D. Corse, and his numerous friends in this city will be pleased to hear of his promotion.

Rev. C. C. Bittling, D. D., at one time pastor of the Baptist Church in this city, has resigned his position as home and Bible secretary of the American Baptist Publication Society, in Philadelphia. The condition of Dr. Bittling's health led to this step.

Rev. C. E. Woodson, of Franklin, is visiting Maj. Geo. Johnston.

Dr. J. B. McCaw, one of the delegates from Richmond to the Episcopal Council, is the guest of Maj. Geo. Johnston.

After ten years' service Mr. Harry Burke has been given an honorable discharge from the Alexandria Light Infantry.

Messrs. R. W. Moore, of Fairfax, W. E. Lipscomb and J. B. T. Thornton, of Prince William, and Mr. Edmund Burke, of Washington, were in the city to-day on legal business.

**P. L. & S. S.**—The Potomac Literary and Social Society assembled in their parlor in the City Hotel building last evening and elected the following officers to serve during the ensuing year:

President, Geo. Finch; 1st Vice President, W. N. Smith; 2d Vice President, C. F. Neal; Secretary and Treasurer, E. F. Downham; Superintendent, H. A. Downham. The above officers with Chas. Goodrich and Wm. Tatspaugh constitute the board of directors. This being the fourth annual meeting the retiring officers made their several reports, which were approved, and after some routine business the society installed the newly elected officers and partook of a well served collation, prepared under the supervision of Superintendent Downham. The menu was very elaborate, having been prepared by nine hostesses, in his usual manner. After doing the punch bowl justice, and speechmaking, the club, with its invited guests, dispersed, with hopes that they would all assemble one year hence to repeat the festivities.

**INJUNCTION.**—Mr. W. W. Henry, of Richmond, through his attorney, Judge Norton, to-day secured from Judge A. W. Wallace, of Fredericksburg, an injunction restraining the Mount Vernon Electric Railway Company from laying rails, stringing wires, &c., on King street extended, between the western limits of the city and Hooft's run. Mr. Henry owns a small tract of land near that point, and he claims that the railway, by elevating its tracks, will make it difficult for him to get to and from his property. The rails have already been laid at that point, but the wires have not been strung and the injunction will stop all work there until the matter can come up in court for a settlement. The stoppage of work will be of great inconvenience to the railway company, as they were making arrangements for opening their line between this city and Washington by the first of June.

**A DANGEROUS PRACTICE.**—Complaint is made by the conductors and motormen of the electric railway that small boys, especially on Fairfax street, cause much annoyance by standing on the track in front of an approaching car until it is within a few feet from them when they jump off and yell. This practice is, of course, exceedingly dangerous, and parents living on the line of the road will doubtless exercise surveillance over their little ones after reading this item. In the night time such actions are often carried on, and although those in charge of the cars endeavor to be careful accidents will necessarily occur sooner or later if the youngsters continue to tempt Providence.

**WILL ISSUE DOUBLE WARRANTS.**—By the provisions of an act of the last General Assembly in future persons brought before the Mayor charged with selling liquor without a license will be tried under both a city and a Commonwealth warrant, and instead of getting off by the payment of a fine of seven dollars, offenders will be compelled to pay at least one hundred and seven. Under the present law the Mayor's and Justices' courts have original jurisdiction in misdemeanor cases, and where an offense is committed against a city and a State law it is made obligatory on the Mayor to issue both warrants and impose the fines fixed by the statutes.

**MEMORIAL DAY.**—Capt. W. A. Smoot will be chief marshal of the parade on Memorial Day and Mr. A. C. Wyckoff will be marshal of Lee Camp. Each organization in line will also be marshaled. The route of the procession will be practically the same as that of last year.

The choir who will sing on the occasion will meet for practice promptly at 8 o'clock this evening at the M. E. Church South, and all who have been invited to participate are requested to be present.

**THE "OLD FOLKS SINGERS,"** of Washington, will give one of their entertaining concerts at Schuler's Hall, King street, Friday evening at 8 o'clock for the benefit of the M. E. Chapel at Del Ray. There are about fifty singers in the organization, with an excellent orchestra, and all who attend may expect a pleasant evening's entertainment. This is the same band who sang for the benefit of the chapel a year ago, and the programme is much improved over that of last year.

**ASSAULTED HIS SISTER.**—Late last night cries of murder emanated from a house near the W. & O. depot. Officer Knight, who was at the jail, heard the cries and proceeded to the spot and found that a drunken negro named Charles Jackson was terrorizing his neighbor by making an unprovoked assault on his sister. He was taken in custody and locked up. This morning he declined to make a statement and was fined \$7.

**A. L. I.**—At a special meeting last night of the Alexandria Light Infantry the invitation to take part in the Confederate Memorial Day exercises on Monday was accepted. Arrangements were also made for the company's excursion to River View on June 5th, and a committee was appointed to make the necessary arrangements for the company's trip to Richmond on June 30 to take part in the parade attending the laying of the corner stone of the Davis monument.

**MT. VERNON REGENTS.**—The Mt. Vernon Regents, who have been in session for a week, adjourned to-day to meet on the first Wednesday in May next. The reports of the various committees showed the association to be in a most flourishing condition, and that the grounds and buildings have been well kept by Superintendent Dodge and his assistant, Mr. Young.

Resolutions were adopted endorsing Senator Daniel and approving of the free coinage of silver at 16 to 1. Congressman Meredith and Candidate Bixey were present.

**How to Treat a Wife.**

(From Pacific Health Journal.) First, get a wife; second, be patient. You may have great trials and perplexities in your business, but do not, therefore, carry to your home a cloudy or contracted brow. Your wife may have trials, which, though of less magnitude, may be hard for her to bear. A kind word, a tender look, will do wonders in chasing from her brow all clouds of gloom. To this we would add always keep a bottle of Chamberlain's Cough Remedy in the house. It is the best and is sure to be needed sooner or later. Your wife will then know you really care for her and wish to protect her health. For sale by L. Stabler & Co., druggists.

## CONGRESSIONAL.

The Senate yesterday defeated a proposition, by Mr. Gorman, for the issue of \$100,000,000 of three per cent. Treasury certificates to meet prospective deficiencies. This was followed by the defeat of another proposition by Mr. Peffer, of Kansas, for the issue of greenbacks to meet the appropriations made by the fortifications bill. Both propositions were offered as amendments to the fortifications bill, which was passed, thus leaving but one of the appropriations bills unacted on by the Senate. Mr. Gorman's amendment developed an animated financial debate, with Mr. Sherman and Mr. Gorman as the main participants. Mr. Sherman resisted the amendment and urged that the proper step was to pass the Dingley emergency tariff bill. Mr. Gorman made an offer to Mr. Sherman that both sides of the chamber join in a non-partisan relief measure, imposing a tax on tea and coffee, and repealing the rebate on alcohol used in the arts, which would, he said, add \$40,000,000 to \$50,000,000 to the revenues, and would reduce rebates by \$15,000,000. Mr. Sherman did not respond to the suggestion. A motion by Mr. Mills to lay the Gorman amendment on the table prevailed—yeas 42, nays 9. Mr. Peffer's greenback amendment was defeated without debate—yeas 43, nays 12. The fortifications bill, as passed, carries \$10,763,888, or \$4,918,051 more than the House appropriated.

A bill was passed amending the pension laws so that those who served in the Confederate service and thereafter entered the union service prior to September, 1864, serving ninety days, shall not be debarred from pension by reason of previous Confederate service.

The House passed the Barthold-MoCall bill to restrict immigration by imposing an educational qualification. The Corliss amendment applying to Canadians was also adopted. Both Mr. Mahon, chairman of the war claims committee, and Mr. Walker served notices that at the short session, beginning in December, no bills would be allowed to pass by unanimous consent. Their threat is for the purpose of forcing the consideration of bills on the calendar.

**BASEBALL.**—The games played by the National League baseball clubs yesterday resulted as follows: Cleveland 12, Baltimore 7; Cincinnati 4, Philadelphia 0; Brooklyn 25, Pittsburgh 6; New York 19, Chicago 4; Boston 5, St. Louis 1; Louisville-Washington, wet grounds.
